

Philip Breesch

Board Member

Philip is the Executive Vice President for the CARE Franchise at Chiesi Group, which includes its neonatology portfolio.

Prior to joining Chiesi, he worked at the Bill & Melinda Gates Foundation in the Integrated Development team, with a focus on product development for global health interventions in LMICs.

He has 20 years of experience in pharmaceuticals, philanthropy and consulting. His experience has brought him to a variety of geographies and cultures, allowed him to work across the pharmaceutical value chain from product development to commercialization, and has covered strategic and operational roles.

Philip has an MSc in Electronic Engineering from the Vrije Universiteit Brussel and an MBA from INSEAD.

He is fluent in English, Dutch, Spanish, and French and proficient in German.
